SPECIAL INTERESTS:

History, Reading, Firearms and 2nd Amendment
Rights, Hunting and Fishing

OTHER:

Have lived nearly 40 years in rural Alaska, much of
that time in Election District 6

STATEMENT:

Permanent Fund - The PFD program has been an
equalizer in a state where great disparity exists between
urban and rural economies. The permanent fund divi-
dend program is the most fair and equitable method
possible for distributing the earnings of the Permanent
Fund. I will fight to protect the PFD program for all
Alaskans.

Education - I will work diligently to improve the delivery
of education services to rural Alaska.

Rural Economic Development - As the resources of
Alaska are developed rural Alaska should benefit sig-
nificantly. I will work to insure that rural Alaskans are
not short changed. I will support the beneficial devel-
opment of resources in rural Alaska.

Safety and Security - I will work to improve pay and
AST support for VPSOs.

Elderly - Older persons in rural Alaska are struggling
to meet pressing needs. I will work to improve servic-
es to the rural elderly.

Mandatory Borough Formation - Borough formation at
this time would significantly impede economic devel-
opment. I will oppose until economic development
warrants.

Long Range Fiscal Plan - A long range plan promises
to impose the cost of government on a fair and equi-
table basis. Use of **Permanent Fund** earnings to fund
government will disproportionately impact rural Alaska.

Taxes - Many high paid non-resident employees work-
ing and earning in Alaska pay no share of the govern-
mental burden. We must insist that our state govern-
ment become more efficient and we must be willing to
pay fair and equitable taxes for the services we
receive.
